Coastal Alabama Community College was formed through the consolidation of Alabama Southern Community College, Faulkner State Community College, and Jefferson Davis Community College by action of the Alabama Community College System Board of Trustees on December 14, 2016. Prior to consolidation, the three independent colleges were created by an act of the Alabama Legislature in 1963, under the authority of the Alabama State Board of Education. Currently, Coastal Alabama Community College, the first regional community college, was approved by the Alabama Community College System Board of Trustees on December 14, 2016. Coastal Alabama Community College is a member of the Alabama Community College System that consists of nineteen comprehensive community colleges, four technical colleges, one military institution, extensive workforce development initiatives, including the Alabama Technology Network.

Calendar: Coastal Alabama Community College operates on semester hours. The former separate institutions prior to consolidation operated on quarter hours until 1998.

Transfer Credits: Courses attempted for transfer from another institution are listed under appropriate headings. Transfer hours are counted for degree purpose but are not computed in GPA.

Method of Grade Point Calculation: The student's scholastic standing or quality point average is obtained by dividing the total number of quality points by the total number of Semester hours for which the grades of A, B, C, D, or F are assigned, including physical education.

Academic Forgiveness: If a student repeats a course once, the second grade awarded (excluding grades of W), replaces the first grade in the computation of the cumulative grade point average. The Semester grade point average during the Semester in which the course was attempted will not be affected. "Academic Forgiveness Implemented" is notated on the transcript.

Repeated Courses: When a course is repeated more than once, all grades for the course – excluding the first grade – will be employed in computation of the cumulative grade point average. Official records at Coastal Alabama will list each course in which a student has enrolled.

Privacy Act: This transcript is being released under the provisions of the Family Educational Rights and Privacy Act. Information contained herein is confidential and should not be released without the written authorization from the student.
